

Hi Brenda, Eduardo, good afternoon,

I hope you are well. We would like to ask for your support for some changes that we need to implement in certain areas.

First of all, in the G742000124 page, we need to issue an endorsement D. Attached to this email is the corresponding Work Order to do so.

Continuing, Mrs. Amalia Bernardette Cortez Fermín n of the Insurer company has requested that the EI43001421 policy make a change of discount to 30%, this because the client wants to cover the amount as soon as possible in interest-free months. We greatly appreciate your promptness in responding to this request from Monica.

Finally, it is vitally important that we correct the serial number to 1J4GW68S8XC636240 as this setting is needed for a glass change. The glassmaker will not be able to proceed with the service unless the serial number is updated and corrected. Both the application and the circulation card are attached for your reference.

We look forward to your support in making these changes as soon as possible. Thank you very much for your attention and support in addressing these issues.

Best regards,  
Jorge L. Rodriguez G.
