

CORRECTIONS AND MISCELLANEOUS REQUESTS FOR K839001056 AND F743001177
POLICIES Good day, I hereby ask for your help with several requests in reference to different policies.

For the K839001056, I require you to help me apply a discount on the 27th. If it is faster, cancel it and reissue it at the maximum possible discount, considering that the customer received a proposal from another company.

In addition, Rigoberto Cruz Verdines needs assistance with the F743001177 line. Request support from Arely to make a change of contracting owner for the invoice of said policy. You have encountered problems adding the RFC in the portal due to a registration error, so you attach a proof of tax status for your reference.

I would thank you if you could help me with these issues. Greetings and thank you. Virus-free.
