

Dear Recipient,

I would like to ask for your support on several pending issues.

To get started, we need your help to change the service from use i442008504 to Federal Public Use Service for our valued client, Jos Guadalupe Tovar Salazar. This request comes from our esteemed colleague Mary Paz Morelos Hd z, who currently manages this policy.

Also, Juan Daniel Alvarado from San Carlos, Sonora is our next item on our list. Mr. Alvarado is asking for assistance in order to receive the maximum possible discount on his policy. We appreciate your support in this regard and thank you in advance for any help you can provide.

Finally, Anglica, we require your assistance in requesting the removal of the attached unit in the KG41160025 application. We are confident in your ability to handle this process efficiently and on time. Any questions or comments will be welcome.

Thank you very much for your attention to these matters. We look forward to hearing from you.

Best regards.
