

Dear Manuelito,

I hope you're doing well. I am writing to you for your support in making some modifications to an existing insurance policy, which are detailed in the attached file. This request comes from Yahoo Mail for Android, with the desire to make these changes as soon as possible.

The first change is necessary to update the name of the owner of the policy, which is currently in the name of a person, but must be changed in order to invoice it to the company TH DIGITALIZATION AND MARKETING SC.

In addition to this change, I ask for your support in arranging a change in the payment method of this policy. The request is for confirmation that the full payment of the fee has been completed by September 10, essentially changing the payment status to "cash".

I hope that these adjustments can be made in an efficient and timely manner. Thank you in advance for your help and I look forward to any confirmation or additional information you may provide.

Best regards
Fernando Almeida
