

AUTO INSURANCE PRODUCERS SERIES Good afternoon!

I hope you're doing well. Your valuable assistance is required for several tasks we have received.

In the first place, your support is requested in the modification of the F2 43000316 vehicle number, specifically in the change of plates to the number RLW726B.

Also, please provide us with the quote for the comprehensive insurance exchange of the Jetta A4 Europa L4 car, owned by Amanda Villanueva. It should be noted that his previous insurance expired last Friday and he has not yet received his new renewal policy.

I look forward to the prompt execution of these requirements and the documents created for these procedures will be sent as soon as possible. Thank you in advance for your help and cooperation!

I keep an eye on his movements. Thank you!
