

Leslie, I need you to assist me with the following operations:

NUM POLICY REQUEST DATE

1.- In reference to the case where the customer has already made the payment but the type of use is incorrect and needs to be changed to the Federal Public. Saray has been requested to rectify this error and it has been confirmed that the issuance can continue. Waiting for the poll.

2.- It is urgent to make a correction in the plya where the serial number should be updated to 1J4GW68S8XC636240 for a glass change service in the glass. They will not perform the service until this error is corrected. I am attaching the application and circulation card for your reference.

I appreciate your attention and prompt response. Attached documentation.
