

POLICY CHANGES AND ADDITIONAL DISCOUNTS

Hello

I would like to ask for your support in managing some changes and requests in relation to insurance policies and rates.

The first problem is about the RFC on the invoice of one of our policyholders. For work reasons, they need to change this information and request that this be done before tomorrow, when they plan to make the payment of the invoice. I attach the number of the page and the tax certificate with the new RFC to make it easier for you to change.

Second, we need your help to get a discount on auto insurance for Elod a Gonz Preciado. She recently received a quote from AXA Insurance and would like us to do the same or improve on that offer. I had the opportunity to discuss this matter with his advisor, Mariano Alberto Minjarez Madero, who had already promised him that we would get him a better rate.

Finally, we received an important request from Mrs. Maria Gpe. Quintero Rivera. You've noticed a potential error in the estimated sum insured for a 2016 F150, which appears in our EBC guide with a noticeably lower value than the 2015 and 2017 models. I attach the guide for the month of May 2022, where it is indicated that the value of that model should be 340,700 pesos and thank you for correcting this as soon as possible.

Greetings and thank you for your attention to these very important matters. I remain at your service.
