

AUTOM VILES TECNOL GICO SA DE CV renewal E5 42002109

Could they assist us, the client Claudio Perez Grijalva has confirmed that I made a mistake by sharing an incorrect tax certificate. For this reason, the modification of the data present in the page and invoice related to subsection no. 6 of the Neon, which were erroneously registered, is requested. To fix this, we share the correct information with you.

In this regard, the customer notified us that certain vehicles have federal license plates and must be updated to the federal public. However, according to the advice of our technical team, it is necessary to cancel and reissue the policy instead of modifying the existing one.

In addition, taking into account the application for insurance registration for a vehicle in the name of José Jesús Ramírez Oca a, we have attached the completed form and the quote of the insurance policy for review and validation. Once started, the process must be completed and delivered within 5 to 7 working days.

We also request, if possible, that the mass printing module be enabled on the portal for these cases. We look forward to a response to this request.

Finally, if you can help us by sharing the special conditions confirmed for this account, we would appreciate it.

We look forward to hearing from you and thank you for your cooperation in this matter.

Best regards,
