

Good morning Rodri,

Trust that this will make you all right. I would like to submit several requests to you on behalf of our colleagues.

First, Hugo Sanchez has asked us to issue an A endorsement for the L2 42133323 of the company to DYNAKROM SAPI DE CV. It is valid from 02/09/2022 to 01/04/2023. The unit is recovered and the corresponding documents have been attached. This request is related to the OT 528946.

Secondly, we have a request from Mariela Carola Nava Gomez of the University of Monterrey. You have an imminent need to cancel several policies (C242800001 Inc 46, 56, 124, 126 and 149) due to sick leave.

Finally, we have Jos Luis and Nelly Castillo looking for corrections in their policies. José Luis requests a correction of the vehicle's serial number in the letter A140120002 PARAGRAPH 320. You have provided us with the correct number and a photo of the circulation card. Similarly, Nelly Castillo has provided information regarding her policy that requires attention, including the endorsement number and the description of the vehicle.

I appreciate your consideration and prompt attention to these requests. I look forward to hearing from you.

Best regards
