

REQUEST FOR ASSISTANCE FOR INSURANCE COVERAGE BY OPERADORA DE HOTELES FLOSOL

We require your valuable support for several changes and corrections related to our insurance in OPERADORA DE HOTELES FLOSOL SA DE CV, having as an annex the tax code for your review.

The first point in question is the inclusion of Cargo A Liability coverage for six units owned by Hugo Moreno in our ABA KD 42005784 policy. Regarding this issue, we send you the proof of payment of the premiums of several related policies, applied that same day, so that you can proceed with the appropriate invoicing.

Second, we require assistance in modifying the registered use of a truck, identified above as private use, to one for public use while maintaining the private status in our F600 Machiobras insurance policy. We just want to stress that we want to keep the premium unchanged in this case. We remind you that this issue was originally issued by Chubb and has been renewed according to the same conditions.

Finally, Mr. Livier Ochoa Castro, from our Insurance Department, requests the issuance of a license plate for a KIA RIO vehicle, with JRB5454 plates, to be driven and benefited by Pedro de Jesús Pallares Yabur.

We would be happy if you could assist us in correcting these details and confirm that you have received this message and that the requests are being implemented.

Greetings and thank you in advance for your collaboration,

Carlos Bárcenas
Commercial Manager, MG Manzanillo.
