

Subject: Correction of Serial Numbers and Addition of Beneficiary in Politics Hello,

I hope everything goes well. I am writing to you with the intention of correcting an error that has arisen in the serial numbers of the municipality's auto insurance policy. Please make this correction and send us the correct certificates as soon as possible.

In addition, I would like to add Eduardo González Maga as a preferred beneficiary in our insurance policy with Banco Regional SA. This adjustment is extremely important and required for our proper functioning.

It is important to clarify that all the information I provide you with is reliable and when using it you must comply with all the responsibilities derived from it. I would like to remind you that any unauthorized use of this message and the information contained therein may result in legal consequences.

I look forward to your comments and actions on this. Thank you very much for your help and understanding in this matter.

Best regards.
