

Good day, I appreciate your attention in these matters.

First of all, we need to correct the name of the insured on the GP41006135 page. The correct name is Osvaldo Navarro Camacho and I am attaching his official ID for your use.

In addition, for the K839001056 list, there is a discount that wants to be applied on the 27th. If this is not possible, the insured has requested the cancellation and subsequent issuance of the same policy but with the maximum discount applied. This request arises due to a more convenient proposal offered by another company.

Finally, I get in touch to request an update of the plates on the HR 730 insurance policy. The previous plates were GR50952, but they need to be updated. I'm on standby for any questions you may have regarding this.

As always, thank you for your support in resolving these issues and apologize for the inconvenience caused. I keep an eye on your actions.

Thanks a lot
Fernando Almeida
