

Dear recipient,

On a recurring basis, Ruth Martinez needs support to simplify a transaction process based on an established work order. An application was made to change the insurance policy to a monthly payment structure. In addition, it considers that it is valuable to offer advice to professionals and the option of exploring viable alternatives if the current policy rate is not satisfactory in terms of price and coverage.

It also calls for a change in the AI40001299 policy. This request is in the name of Julio García López and it is requested that the serial number be changed to 3AKYDDYB6XDB41785. Our gratitude extends to you for your continued collaboration in these matters.

Kind regards

Lourdes Hernandez
