

Think of this as a joint request for several issues that require your attention.

Karla G Flores Salazar needs our help with endorsement D to deregister a unit in the E542007029, Subsection 87. She has provided her mobile number for future communications.

An additional request comes to us in relation to the fleet of the company MAGUS SA DE CV. They ask us to include three additional vehicles, maintaining the same conditions and coverage as the rest of the fleet. I would appreciate it if you could provide me with the contact information and hours of operation so that I can manage this efficiently.

In addition, José Manuel Crisanto Bautista has requested an increase in the GK41003149 policy discount to 40%.

If you can assist me in these matters, I would be grateful. I look forward to hearing from you.
Regards, Maria Jose Hernandez Ramos
