

CORRECTION AND CHANGE OF POLICIES Good day,

I ask for your support with regard to several issues. First of all, Vanessa Cruz of MACA Grupo Consultores asks to cancel the A942001773 policy since the insured no longer owns the vehicle. Since you can't make the change from your portal, it needs your assistance in this matter. Please take into consideration the customer's personal data.

In the second instance, we received an email requesting to include a 2003 Nissan Altima S in the D440150001 line. This vehicle belongs to Brandon Garcia Gonzalez, who works for Panel Rey. This vehicle will be added with a wide coverage. For your reference, the circulation card has been attached.

Finally, we have been asked about a recently issued car policy. The agent has requested a change in the payment method, which will become semi-annual. We need your advice and counsel to generate an endorsement for this change.

Please make these corrections and changes as soon as possible. Thank you in advance for your help.

Greetings and thank you,

Virus-free.
