

New discount and correction multiple to miscellaneous policies

Hello

I hope this email finds you well. I am writing to you regarding a number of issues in our respective insurance policies. First of all, I attach the necessary documents and ask for your support to manage an urgent discount of 30% for the renewal of the n140001068 policy.

At the same time, Emmanuel Salvador Pérez, a customer service analyst, is requesting the cancellation of the H541012488 policy and the refund of the corresponding premiums. In the same way, we have attached the necessary supporting documents and we would appreciate your prompt attention to this matter.

On the other hand, it is worth mentioning that we are looking for clarifications and guides related to the processes of our insurance company. Specifically, we require important information about vehicle inspection, coverage for taxis and Uber-like services, and in particular, automatic renewal of policies.

Finally, I would like to ask for your help in adding the CR EXTENSION coverage to the B742004300 policy. I am sure that your assistance will help to carry out this process smoothly.

I look forward to your comments and thank you in advance for your time and help in these matters.

Best regards.
