

Johu, David, good day,

I hope this message finds you well. First, I would like to ask for a request from David as it relates to Letter D for the deregistration of unit review and endorsement mentioned in the attached circulation card. Any help you can provide is greatly appreciated, David.

On the other hand, Josu, I will require you to support you with a correction to be made in the F441000120 of Super Mattresses. The change concerns the serial number of subsection 34, for your review I have the circulation card in the attached files.

In advance, I thank both of you for your attention and support in these matters. It will be my pleasure to keep an eye on any updates or new information that arises.

Thanks a lot
