

Bertha Anglica Guillen Casta eda, regarding our recent conversation, looked forward to kicking off the activation of your 2036152 Work Order (TO) for your Toyota RAV 4 vehicle. Attached find the pertinent details. On the other hand, Guadalupe Estavillo of Uman Seguros wishes to cancel her policy due to the sale of her unit, shipment or the attached documents such as her policy, endorsement and cancellation letter for your attention.

Additionally, we have received a request for Cancellation INC 36 from Ma Del Carmen Garcia Vargas, addressed to Mora Logistic SA DE CV. Please support this procedure where appropriate. An endorsement annex by Airam Aguilar Velazco has also been mentioned, attached to the documentation.

I trust your attention to carry out these actions in the shortest possible time. I look forward to your kind reply.
