

PLEASE REGISTER A VEHICLE ON THE POLICY AND CANCEL A POLICY

Hi Brenda Eduardo,

Good afternoon. Can you help us with three requests please.

The first is in relation to the IMEX DD42212078 policy, we need to register a vehicle, we thank you for attending to this matter with consideration for the environment before printing the mail.

The second request is of the utmost urgency, we need to update the information on the series of vehicles of the Oxxo commercial chain and also send them the respective PDF files. We are currently experiencing difficulties with the State Government due to problems with the current data of such vehicles.

Finally, Claudia Garc requires our help to cancel the KD42009749 lawsuit belonging to Visualvox Internacional SC, since the unit has been sold.

We are all waiting for these actions and we will be of great assistance if you can prioritize these orders. Thank you in advance for your support.

We are waiting for the request. Thank you.

Best regards,

Kind regards

Jorge L. Rodriguez G.
