

Genaro Ocampo and I have just completed a number of modifications to our Unipro policy. The number of the page is A142110001 SUBSECTION 529, a revision is required on the serial number where the "S" should be replaced by a "5". I am attaching the CT scan for your reference. In addition, Genaro has made a request to Majo to cancel the renewal of the license of his 2018 Passat, POLICY E5 430. Can you help us make these updates? We look forward to your feedback.

Thank you and regards,
