

REQUEST FOR MODIFICATION OF UNITS, FORMS OF PAYMENT, AND COVERAGE OF
THE F643000234 POLICY

We call on your support to make some changes to the F643000234 Policy. We would appreciate it if you could make the necessary corrections as detailed below:

First, Ximena Godnez, our account executive at Business Data at Aon, has requested that a unit be registered according to the OT provided. Attached to this request are some comments and a quotation for review.

Second, Marcella Aguirre of the Mobile Cars Coordination is requesting a change in the form of payment of the policy F543001801 to quarterly payments. We have noted that there is a prohibition on the copying, use, or distribution of the information contained in this email and we are aware of the responsibilities that proceed with this.

Finally, we want to make a change in the coverage of the EJ41003760 line, replacing the current Type A Load with the Type B Load.

We appreciate your prompt attention to these amendments. As always, we are committed to working together to keep our business relationship strong and productive.

We wish everyone on the Chubbnet team a happy holiday season and a Happy New Year.

Please keep INSURED CONTRACTOR, OWNER AND BILLING in PAVIMENTACIONES Y VIVIENDA SA DE CV unchanged, as the Chubbnet system modifies it without reason.

Thank you
