

MODIFICATION AND CANCELLATION OF VEHICLE POLICIES

Hey buddy

I ask for your help with some corrections and cancellations of pages. Here are the details:

1. From the office of Veridiana Arias Rodríguez, we have been informed of the need to cancel and reissue the GB42003522 page. By mistake, the model year has been recorded as 2009, when it should have been 2012. Veridiana Arias herself has suggested that perhaps the situation can be solved by simply endorsing the change of vehicle model without the need to completely reissue the policy.

2. Erika Olivares, Commercial Car Manager at Dingler Promotores S.C., asks us for support to cancel the GE42003869 lawsuit that belongs to Alejandra González González González, because she has sold her vehicle. Arturo Hannon, our colleague, has also been supporting in this situation and is awaiting instructions on what procedures will be followed and whether additional documents will be required. The situation is a bit complicated since the payment of the loan was made through the credit card of the insured and in interest-free months.

I look forward to your comments and at the bottom of the email for any validation.

PLEASE CONFIRM RECEIPT OF THIS EMAIL.
