

COST CORRECTION AND POLICY UPDATE

Good day,

I am writing to you to request your assistance with the following corrections and updates to our insurance policies. We have noticed a notable increase in the costs of several policies and I request your valuable intervention to apply the maximum possible discount in each one.

I would like to omit the confusion caused by previous emails. Please consider only the information provided in this email for relevant updates.

One of the first requests is to register the semi-trailer with a 3062139 number in the DG42000089 fleet. I stress the importance of providing complete information from this unit to avoid delays in the process and ensure adequate coverage.

I hope you can review these details and correct any errors as soon as possible. We appreciate your feedback in case the service does not meet our expectations.

On the other hand, our insurance agent, Silvia Sánchez López, has asked us for two quotes for the extension of the coverage of the A342008432 policy. We would greatly appreciate your support in considering the CAP and the elimination of the deductible in case of total and partial loss.

Finally, I ask you, please, to confirm receipt of this email and to confirm when the requested modifications have been made.

Greetings and thank you for your attention to these issues.

Virus-free.
