

Blassy Marquez has asked us to change Constructora Osman's EI 41007323 insurance policy to adjust the sum insured from commercial value to declared value, as set out in EI 41000589. Write down Blassy's contact information for any future dialogue needed.

In a separate move, we need to cancel Victor Manuel Torres de la Paz's B842003721 insurance policy due to non-payment. Carlos Guillermo Lopez Torres, our preeminent insurance advisor, has been waiting for a response.

Finally, Contoso, our loyal insurance company, despite the upheavals caused by the COVID-19 pandemic, continued to operate as usual. They are pending approval to apply an additional 10% discount on the NH42002594 policy for a 2018 CRV.

We need to move forward and finalise these amendments. Please review the details provided for each customer and rotate the information accordingly. I request, then, that you give me an answer to the module so that I can process with the mass printing for these cases.

In addition, I would like to receive the confirmed special conditions for each account in this group of renewals. In the meantime, be put on hold.

Best regards.
