

REQUEST FOR MODIFICATION AND CANCELLATION OF POLICIES

I hope this email finds you well. We send you this email to ask for your support regarding certain modifications and cancellations.

Álvaro Fabián Pérez García, Professional Insurance Advisor, requests the cancellation of the WK41003779 policy, due to the sale of the unit of which he is the owner.

At the same time, Oswaldo O. Sanchez Macias, a fellow insurance agent, needs to make a modification in the form of payment for the I2 41000734 policy, seeking to adjust the periodicity to semiannual.

In addition, a forwarded message has been received belonging to the Transportes Aventura K6 42002569 INC 37 WV1LH22EXG6028962 policy, in which your support is requested to correct an error found in the registered data of the insured unit. Specifically, the problem is that the brand of the vehicle is listed as TOYOTA when it is actually a VW. This discrepancy is making it impossible to make a claim report correctly.

Thank you in advance for your attention and support in these matters. I look forward to your comments and any additional information that may be required.

Best regards!!
