

Unipro Issuance

Alexis Garduo, Account Executive, has informed us that he requires our assistance in the case of two serial number change endorsements. He came with both current and up-to-date VIN numbers that we need, and I ask him to provide them to me so we can proceed.

On the other hand, there is a petition from Anahís Flores, from SeguroInteligente.mx, regarding the EK38008712 policy. The renewal of this policy has seen an increase of 974%, and in view of this event, Anahis has asked us for a discount in addition to the 50%. We are discussing the possibility of approving it, otherwise we are afraid of losing this account, so it asks us to review the quote that it has generated for our product.

In addition, the Psyche. Rosely Araujo Díaz has asked us to register Banco Inbursa SA as the Preferred Beneficiary of several units insured with us, all under the name Autotanques Peninsulares SA. We would like to be informed if the request has been confirmed.

I look forward to your comments on these requests.

Thank you and best regards,

Eng. Gerardo A. Arrubarrena Tame
