

Hi Arturo,

I hope you're well. I have several issues that will require your help in processing and making the necessary adjustments.

First, Eliseo Lechuga Fosado asked us to correct the vehicle code and include a dry box in wide coverage for two units of the company Alimentos Integronaturales S.A. The units in question are specified in the IK 43003723 chart. For some reason, there seem to be discrepancies with the vehicle keys in the above pages that need correction.

In addition, I received an email from Rosy asking to change the method of payment to cash when the policy was renewed. We will need to confirm receipt of this request to ensure that it is processed correctly.

Finally, please proceed with the cancellation of the policy that Betty D. sent us, as the renewal of a unit was not authorized. Betty has also provided the policies that were pending renewal.

As always, if you need any additional information to be able to perform these actions, do not hesitate to let me know. I look forward to your support in resolving these matters. Thanks in advance.

Best regards,

Magdalena Ju rez
