

Juanita Alarcon of the firm Autos Marsh in Mexico, together with our client and Javier Alejandro Trevi or Hernández, request your collaboration to modify different policies.

From Juanita Alarcón we have received the request for the discharge of two units related to the NJ42000005 policy, so she remains available to clarify any concerns. You are reminded that any misuse of the information provided in this email is grounds for legal sanctions.

In addition, our client has detected an error in the invoice of a previously insured vehicle. Request that the policy be corrected to ensure coverage of the correct vehicle. We attach the correct invoice and the previous page which also refers to a legalized vehicle.

In the same way, your support is requested to correct the description of the KG42012122 line corresponding to Javier Alejandro Trevi or Hernández, according to the information from REPUBE and the vehicle code of the portal, maintaining the original cost.

We appreciate your attention and look forward to your prompt response.

Cordially
