

CHUBB MOVES 01 FEBRUARY

Leslie, please, I ask for your support with the following moves:

TLR KG43000290: Registration of new pipe-type units in the fleet of TLR Mario Gutierrez in the Chubb field. Invoices and necessary documents are attached.

Sar Hernán Hernández Canizales: Serial number correction in automobile insurance policy. There is a discrepancy between the data provided and those on the circulation card. Vehicle invoice is attached and confirmation of the policy is mentioned.

Javier Avalos Tovar: Change the type of payment on the insurance policy from monthly to monthly, keeping the cost the same. This has been requested from Salvio García Rodrigo.

Laura Matehuala: Processing of an attached order and the assignment or confirmation of a folio.

I appreciate your help with these moves.
Greetings and Thanks.
