

CHANGES EI42007228 / I442001929 / IS42008824

Good day,

They support me to change the data in the EI42007228 line for the new FJK618B plate of Glenda N. Casta n Salda a. In addition to that, I require your support to review a problem with the I442001929 policy. Client Carlos Alcivar claims not to have Roadside Assistance coverage despite having paid for an endorsement, which could be happening with other policies.

Likewise, we will request an endorsement on the invoice IS42008824 to be in the name of Brenda Vernica Ledesma Rez. I attach the address and telephone number of the above-mentioned company along with her tax ID.

Please let me know when these changes are made and if there are any obstacles or problems that arise during the process. I appreciate your attention and support in these matters.

Best regards.
