

In addition to our recent conversation, we are requesting several modifications to our insurance policies. First of all, we are looking for an additional 15% discount on the number GN43004608.

In addition to this, we require the activation of an insurance policy for a 2003 Ford Expedition owned by Juan Bosco Sánchez Mejorada Fernández. This policy must be in effect from June 17, 2022 through January 1, 2023 with a total premium of \$406.00. The method of payment will be in monthly installments and the insurer in charge must be CHUBB.

Finally, Joel Baltodano Rodríguez, our Partner Director, has requested assistance for the cancellation of the NA41003617 policy. The reason for the cancellation is because the insured recently sold the property linked to the policy.

We would greatly appreciate your prompt response and attention to these requests.
